

Native Science Fellows Application Form
Open to Native American students currently attending
A tribal college in Montana or Wyoming

Native American students attending a tribal college in Montana or Wyoming and pursuing undergraduate degrees in earth sciences, atmospheric sciences, natural resource management, hydrology, fisheries, wildlife management, forestry, and soil sciences are invited to apply for a Native Science Fellowship up to \$2,500 to be earned working with a community-based environmental science or geosciences organization that matches their career interests. Up to 4 Fellows will be selected for the 2012 academic year. They will also have the opportunity to be matched with professional and peer mentors.

Benefits of being a Native Science Fellow

- Fellowship stipends to be used for tuition, books or related school and personal expenses.
- A match to a professional mentor who can support their aspirations.
- Ongoing face-to-face peer networks and an online network utilizing Facebook.
- Recognition through participation in the *Native Science Fellows* program.

Application Deadline: January 5, 2012

All complete applications must be received by e-mail to bsawyer@hopamountain.org for consideration. This is a competitive fellowship program.
