

**Native Science Fellows Application Form**  
Open to Native American students currently attending  
Montana State University - Bozeman

Native American students attending MSU and pursuing undergraduate and graduate degrees in earth sciences, atmospheric sciences, natural resource management, hydrology, fisheries, wildlife management, forestry, and soil sciences are invited to apply for a Native Science Fellowship up to \$5,000 to be earned working with a community-based environmental science or geosciences organization that matches their career interests. Up to 3 Fellows will be selected in September of 2010 for the 2010-2011 academic year. They will also have the opportunity to be matched with professional and peer mentors.

Benefits of being a Native Science Fellow

- Fellowship stipends to be used for tuition, books or related school and personal expenses.
- A match to a professional mentor at their university and from their home community who can support their aspirations.
- Ongoing face-to-face peer networks and an online network utilizing Facebook.
- Recognition through participation in the *Native Science Fellows* program.

Application Deadline: September 10, 2010

All complete applications must be received by e-mail to [bsawyer@hopamountain.org](mailto:bsawyer@hopamountain.org) for consideration. This is a competitive fellowship program.

**Application Form**

**Student's name:**

**Address:**

**Phone number:**

**Email:**

**Career interest:**
