Otto Bremer‡

**Economic Crisis Information**

The foundation announced that in response to the current economic challenges, it is focusing Minneapolis/St. Paul metropolitan area funding on programs and initiatives to relieve poverty.

**Background**

Trust established in 1944 in MN.

Otto Bremer emigrated from Germany in 1886, after completing his apprenticeship in banking. He began his banking career as a bookkeeper for the National German American Bank in Saint Paul. Thirty-five years later, in 1921, Mr. Bremer was elected chairman of the American National Bank, of which he was a stockholder and director. He remained in that position for thirty years combining with it a wide range of political, financial, and corporate activities, including the presidency of the Schmidt Brewing Company, which he assumed at the death of his brother, Adolph, in 1939. Active in community affairs, Mr. Bremer served as Treasurer of the City of Saint Paul for ten years, played a key role in the creation of the Minnesota Democratic Farmer-Labor Party, and advised presidents Woodrow Wilson and Franklin D. Roosevelt. He was named by Franklin D. Roosevelt to manage the Federal Home Owners' Loan Corporation of Minnesota. It was Mr. Bremer's deep concern for his holdings in Minnesota, North Dakota, and Wisconsin, that prompted the formation of the Otto Bremer Foundation. Mr. Bremer realized that his death might initiate procedures that could disrupt many of the banks in which he believed so strongly. Through the foundation, he sought to insure the perpetuation of the Bremer banks and the ultimate return of his wealth to the trade territories of the banks and the City of Saint Paul. The Otto Bremer Company, which is now the Bremer Financial Corporation, was formed in 1943 with the transfer of Mr. Bremer's stock in these countryside banks, in order to perpetuate their banking relationships. The Otto Bremer Foundation was created the next year and eventually received ownership of the assets of the Otto Bremer Company. As a charitable

trust, the foundation could channel back into these communities philanthropic dollars earned from the deposits made by citizens in their local Bremer bank.

**Limitations**

Giving limited to organizations whose beneficiaries are residents of MN, ND and WI with preference given to those in regions served by Bremer Banks.

No support for economic development, or historic preservation, museums and interpretive centers, sporting activities.

No grants to individuals, or for endowment funds, medical research, professorships, annual fund drives, benefit events, camps, or artistic or media projects.

**Purpose and Activities**

The mission of the foundation is to assist people in achieving full economic, civic and social participation in and for the betterment of their communities.

**Program Area(s)**

The grantmaker has identified the following area(s) of interest:

**Advocacy**

The foundation believes that individuals have a right to participate in the public arena, and good public policy is shaped by comprehensive and balanced information. As money becomes scarce, nonprofits need to find ways to inform the public and policy makers about the ramifications of issues and proposed solutions, identify and provide viable recommendations, and distinguish what role nonprofits can play. The foundation supports nonprofits in advocating on issues and giving voice to community groups.

**Collaborations/Partnerships**

The foundation recognizes that its success is dependent upon working with others to achieve common goals. Partnerships and collaborations, both formal and informal, provide greater resources, experience and wisdom than the foundation could garner on its own as it works on complex issues. This strategy is most effective when the collaborations are configured in ways that maximize each participant's assets and expertise. Formal collaborations take much time and effort, but can provide productive results. Informal associations can further learning and provide a stronger voice on common issues.

**Organizational Effectiveness Program**

The program was established as a strategy to help nonprofits improve how they do their work. The program does not require nonprofits to follow a particular model or philosophy to strengthen capacity. However, nonprofits are encouraged to carry out any such activities with a focus on how to best achieve the organization's mission and to positively impact the lives of those it seeks to improve. The program has four main goals: 1) Strengthen the capabilities of individual nonprofits to govern, manage, plan, and change to better serve the communities identified by their mission; 2) Enhance the ability of regional organizations and institutions to support nonprofits interested in organizational development; 3) Bring together nonprofit boards and staff to meet and talk about common challenges to improving organizational effectiveness; and 4) Increase the number of qualified and culturally competent consultants and facilitators.

**Economic Crisis Information**

New policies implemented for the economic crisis include: 1) Revert to more sustainable granting levels (similar to grantmaking levels between 2004 and 2006); 2) For each organization, the foundation will not approve more than one grant per year for the same project/purpose; 3) Because of the foundation's emphasis on site visits, the foundation has a geographical focus where it awards grants. With some exceptions, this area includes MT, NY, and VT, and organizations working in Indian country; The foundation will not generally award grants over 20 percent of an organization's operating revenue excluding in-kind contributions; 5) Grants made to organizations that are new to the foundation will be smaller and include more reporting until a better relationship is established. The foundation is also making Early Childhood Care and Education a priority in its grantmaking. To this end, the foundation makes grants to non-profit organizations for general, program or scholarship support of their work with low-income, at-risk, underserved youth and children. The foundation may provide limited support for quality improvement, capacity building and advocacy for these organizations either directly or through intermediaries. The foundation's focus remains on non-profit child care centers, pre-schools and out of school organizations with limited support for school-centered programs, non-profit schools and young adult transitional programs. The foundation has special interest in helping Native American children, youth and their families, especially those in the Dakotas, ID, MT and WY.

**Background**

Incorporated in 1962 in NY.

**Limitations**

Giving primarily in MT, NY, and VT; limited funding in, ND, Minneapolis, MN, OR, SD, and the Northwest.

No grants to individuals, or for capital grants.

**Purpose and Activities**

Major interest in programs helping economically disadvantaged young people become able to survive and thrive on their own, with preference to smaller, comprehensive programs that are integral parts of their communities' networks of services.

**Program Area(s)**

The grantmaker has identified the following area(s) of interest:

**Arts Fund**

Support for programs that seek to inspire creative expression in people of all ages, abilities, and income through their connections and exchanges with artists and their artistic activities. This is an un-endowed, pass-through discretionary fund. Grants from this fund are suggested by the trustee.

**Environmental Fund**

Support for programs that seek to protect, promote and foster a love for the environment, especially through education. This is an un-endowed, pass-through discretionary fund. Grants from this fund are suggested by the trustee.

**General Fund**

This fund supports organizations that help provide a bridge to a life of greater opportunity to low-income, at-risk, underserved youth and children. The foundation believes that these children deserve assistance that is holistic and long lasting. This assistance should address significant factors that impede success in education and in life.

**Sky and Earth Fund**

The focus is on programs that support, promote and foster a love for science, especially astronomy, as well as programs that work to ensure affordable housing for generations to come. This is an un-endowed, pass-through discretionary fund. Grants from this fund are suggested by the trustee.

NDCF was formed by a group of citizens who were interested in establishing an efficient way of meeting some of the needs in North Dakota in the educational, charitable, arts, scientific and health areas. Initial support for the foundation came from the Otto Bremer Foundation, the Northwest Area Foundation, the Northwest Bancorporation, the North Dakota Bremer Banks and the Bush Foundation.
